Steamboat Tie-up Ended.

The tie-up of the steamboats of the Baltimore, Chesapeake and Atlantic and the Maryland, Delaware and Virginia lines, owned by the Pennsylvania Railroad Company, is at an end. At a conference last night, in Baltimore, after General Manager Willard Thomson had returned from Philadelphia the differences between the captains and the steamboat owners were settled and the men, whose resignations had been handed in, all went to work this morning. All of the boats on the Saturday schedule will sail today, and the steamers will be out on the different routes on their regular schedule as sailing days. The settlement was made mainly on a basis of the demands of the men, though it was conceded last night that to a certain extent a give-and-take policy marked the conferences held yesterday afternoon and last night. No reference was made during the final conferences to Rescue Harbor, No. 14, which, it is insisted by Captain Thomson was the bar to a settlement during the past two weeks. The men appeared as a committee representing themselves and the former employees of the two companies. Manager Thomson has frequently said that he would settle the question of wages with the men, but he was opposed to masters of vessels belonging to the same union with the men under them. The result of the fight has really hung upon recognition of the union.

Drawing to a Close.

All negotiations between the striking machinists of the Southern Railway Company and the company are temporarily suspended, while the men are voting on a proposition submitted to them yesterday by James O'Connell, president of the International Association of Machinists. Their vote on this proposition, Mr. O'Connell hopes, will bring about an early adjustment of the differences. The nature of his suggestions to the 800 men who are out was not disclosed by Mr. O'Connell, and Mechanical Superintendent Stewart, of the Southern, was equally reticent. Mr. O'Connell said, however, he has reason to believe the men will accept his proposition, and he is hopeful also that the Southern will accept and order the men back to work. It is known both sides to the controversy are conceding a point or two, in order to effect an adjustment, and it is likely that the strike will be settled finally either today or by Monday at the latest.

Southern Railway machinists and helpers at Knoxville, Tenn., who went on strike last Monday, received orders from Washington yesterday to return to work today. They claim to have obtained the full concessions demanded, an increase of 25 cents a day, or \$3.25 for 10 hours' work.

The Southern Railway machinists and helpers at Atlanta, who have been on strike several days, received orders yesterday to resume work today pending negotiations for settlement of disputed points.

B. & O. Transfer Service Discontinued.

The Baltimore and Ohio Railroad Company has issued a notice to the shipping public at Alexandria, stating that its freight station and yard in this city will be discontinued after the close of business Saturday, October 13th, and commencing October 15th freight to and from Alexandria will be handled by rail through the new Potomac yard. This does away with the ferry transfer between Shephard and Alexandria, which has been operated for many years. All merchandise freight in less than carloads will be received and delivered at the terminals of the Washington Southern Railway. Carload freight will also be delivered and received for shipment at those terminals. By an arrangement with the Southern Railway, carload freight may be delivered on the tracks of that line and outbound freight may be loaded also on the Southern Railway trucks from and to all points reached via the B. & O. system and its connections at the regular Alexandria tariff rates. The change will be made without interruption to the movement of traffic. The published tariffs of the Baltimore and Ohio Railroad applying between Alexandria and all points on B. & O. system and connections, will continue in effect as heretofore.

The Murder Trial.

When the Gazette's report of the trial of Howard Banks, colored, charged with the murder of Thomas Elzey, also colored, closed yesterday, the attorneys in the case were making their opening speeches. At the conclusion of their speeches the examination of the twenty-two witnesses for the State was commenced and was continued till nearly 11 o'clock when the defense put one of its witnesses on the stand. Shortly after 10 o'clock the judge, jurors, prisoner and four witnesses, designated by the court, proceeded to the scene of the killing and the witnesses described the shooting.

After the return of the jury to the court room and after one witness for the defense had testified, court at about 11:10 o'clock adjourned till this morning and the jury spent the night in the court room where temporary beds had been prepared.

Nothing was brought out in the trial concerning the shooting other than that elicited at the preliminary examination and which has heretofore been published in the Gazette. It was shown, however, that the negro men and women who frequent the saloons in the neighborhood where the killing occurred are free users of cocaine, and the main defense of the prisoner's counsel seemed to be that he was under the influence of that drug on the night he killed Elzey.

Court resumed at 10 o'clock this morning when the examination of witnesses for the defense was resumed. These witnesses threw no new light on the killing.

Later Dr. A. A. Rittenour was put upon the stand to give testimony concerning the effect that liquor and drugs have upon men.

At 3:45 o'clock this evening the examination of witnesses had not been finished.

Special Policemen Appointed.

On application of the officers of the Southern Railway Company Judge Bailey of the Corporation Court today appointed twenty-five special police agents to protect the company's property in this city, and at Monroe and Lynchburg. The following were appointed:

Wm. S. Connelly, Henry Pierson, Frank Weadon, John Brizay, Henry Carson, Robert Travers, Albert Cleveland, Frank Davis, John Loving, Robt. Smith, Benjamin Scrivener, Louis Spinks, Frank Woodard, Mason Morris, Robert Roundabout, Algernon Butler, Charles Miller, Charles Davis, Wm. J. Garrett, Benjamin Lee, Robert Denton, Frank Breeden, Frank McGoughlin, Wm. Adkins, and John T. Wakefield.

Personal.

Mr. M. T. Dwyer has resigned his position as letter carrier to enter the journalistic field.

Rev. C. D. Bulla has returned to his home in this city from Winchester, where he spent the week.

Mr. C. L. Folmar has returned from a pleasant two weeks' visit to New York and Niagara Falls.

Mrs. A. H. Thomson yesterday entertained a number of her friends at a tea given in honor of her guest, Mrs. Greer, of Baltimore.

Charges Non-Support.

Married less than a year, Mabel A. Dodson yesterday began suit in the Supreme Court of the District of Columbia to compel her husband, Chester A. Dodson, to provide for her support and the maintenance of their infant child. She says that immediately after her marriage in Alexandria, on March 4 last, Dodson accompanied her to his parents' home. There they remained one evening, and then went to her parents' home where he left her. She says he visited her at the latter place and remained for short periods until April, since when he has not returned, leaving her "without a penny."

D. A. R.

The regular monthly meeting of the Mt. Vernon Chapter, D. A. R., was held yesterday afternoon at the residence of Mrs. J. Stewart Jamieson, on south Columbus street, Mrs. H. C. Ansley, vice regent, presiding in the absence of the regent. After the routine business an election for delegate and alternates to the State Conference, to be held in Richmond in November, resulted in the election of Mrs. J. Stewart Jamieson as regent's alternate and of Mrs. Dabney Herndon as delegate, with Mrs. L. W. Reid as her alternate. Later the chapter enjoyed the hospitality of its charming hostess.

The Cold Wave.

Officials of the Weather Bureau say that the cold wave which has prevailed over the eastern States for the last two days has about reached its limit, and by tomorrow the weather will be much warmer and seasonable. The weather in this city and vicinity was cold again last night. The mercury at 7 o'clock this morning stood at 39°. There was a heavy frost. Ice formed again in certain portions of Fairfax county.

Chosen Secretary

At a meeting of the Alexandria Chamber of Commerce held on Thursday night Mr. J. T. Preston, formerly agent in this city of the Southern Railway Company, but now of North Carolina, was elected secretary of the chamber and a committee was appointed to notify him of his election. Mr. Preston's many friends in this city hope he may accept the position and return to Alexandria.

Charged with Selling Cocaine.

While witnesses were being examined in the Corporation Court yesterday afternoon in the case of Howard Banks, colored, charged with the murder of Thomas Elzey, colored, Estelle Bouy, one of the witnesses for the prosecution, gave in evidence concerning the sale and use of cocaine in this city. On the strength of the woman's testimony eight colored persons were arrested by Chief Goods and Officers Knight and Nicholson last night charged with selling cocaine unlawfully. Those taken into custody are: Sarah Ostlett, William Miller, Nora Green, John Quill, Samuel Dudley, Jerry Simms, Robert Bryant and John Bryant. They were arraigned in the dock of the Police Court. A large number of witnesses had been summoned.

William Miller was declared guilty of selling the narcotic and was fined \$100 or given 90 days in jail. The witnesses were all colored and residents of what is known as the "Petersburg" section of the city. The difficulty of obtaining evidence was apparent from the beginning, as is always the case when this class is before a court. Justice Caton, in summing up the case, referred to the licentiousness indulged in by the negro element living in the neighborhood, and said that the police would be directed to enforce the vagrant law strictly, and when certain indolent people were brought before the Police Court they would not be fined, but given long terms in jail. In order, therefore, to escape such punishment those liable to be arrested under the law should procure honest employment or leave the city at once.

The Robbins Shows.

The Frank A. Robbins Co. all new great feature shows, which are due to pitch their acres of teeming tents here on Saturday, October 20, in their bustling hunt for novel and top-thrilling features, appear to have found a regular "scream" in Alpha and Omega's new rival serial bicycle leaping act, which, after seemingly supernatural triumphs elsewhere, comes to cause our individual hairs to stand on end. The shows come full to the brim with rare and wonderful attractions and masterly acts. The menagerie is an unusually impressive and instructive exhibit of rare and representative wild beasts, the equestrian acrobatic, aerial, and animal acts and races given in two rings, upon an elevated stage, on the coliseum course and in the wide aerial space above them are of the latest and best, and a whole mad-cap circus of clowns furnishes unlimited and inimitable fun and timely travesty. The Tribunal of Nations, introducing with spectacular pomp and pageantry living counterparts in feature, form, arms and royal robes of the famous rulers of past and present times, is another superb innovation.

Police Court.

[Justice H. B. Caton presiding.] The following cases were disposed of this morning:

A colored woman, arrested by Officer Knight charged with permitting policy to be written in her house, was dismissed.

Fred Jones, colored, arrested by Chief Goods and Officer Nicholson charged with promoting policy, was fined \$50.

William Miller, colored, arrested by Officers Knight and Nicholson charged with the unlawful sale of cocaine, was fined \$100 or given 90 days in jail. Six other men and one colored woman, arrested by Chief Goods and Officers Knight and Nicholson charged with the same offense, were dismissed.

Will Probated.

The will of the late Susan C. Webster was admitted to probate today. The testatrix left \$50 to Annie Webster and Mary Webster. The house and lot on the south side of Wilkes street, between Royal and Pitt, is left to her granddaughters, Mary Pearl Webster and Annie L. Webster, and the house and lot, No. 210 south Lee street, to her son, Charles F. Webster. The rest of the property is divided equally between Charles F., Mary Pearl and Annie L. Webster. The estate is valued at \$3,000, and Charles F. Webster qualified as executor.

Opera House.

A crowded house last night witnessed the production of "The Penalty of Pride" at the Opera House. The drama was a story of the South well written, and the parts were well taken. The acting of Mr. J. P. Tucker and Miss Corinne Runkel was excellent and brought forth frequent applause. The company will close its engagement to night, the attraction being "The Noble Outcast," a sensational melodrama. The prize furniture will be given away tonight.

The Steamer Woodbury.

A general overhauling will be given the steamer Woodbury, of the ferry route, which was withdrawn from service after its last trip on Thursday last. It is said that the steamer will go to the drydock of Newport News where it will be painted. The crew of the steamer have been laid off in the meantime. The steamer Callahan is making hourly trips on the ferry line.

Concrete Work.

City Engineer Dunn has awarded to Mr. E. A. Wallace the contract for grading and concreting Fairfax street, between King and Cameron. The square is to be paved with vitrified brick during the fall.

Mr. Wallace has also received the contract for concreting the walks and setting curb at the new union station.

At 11 o'clock a. m. on Monday next, on the premises, Capt. Knox will offer for sale a house and lot in Del Ray.

Fined Fifty Dollars.

Chief Goods and Officer Nicholson yesterday arrested Fred Jones, colored, on the charge of promoting policy. Many slips with numbers were found, together with a policy dream book. The accused was brought before Justice Caton in the Police Court this morning and fined \$50.
